Mr. Sullivan is a Special Agent and as such holds a key position as designated by the Review Committee of the War Manpower Commission within the meaning of Executive Order 9309. The performance of his duties is essential and critical to the execution of the work assigned by law and Executive Directive to the Federal Bureau of Investigation.

To the Federal Bureau of Investigation is assigned the responsibility of investigating all acts of espionage, sabotage and all actions tending to undermine the internal security of the nation. We must also investigate and enforce all those federal statutes assigned to the investigative jurisdiction of this Bureau such as: bank robbery, kidnaping, interference with the interstate transportation of goods, National Stolen Property Act, White Slave Traffic Act, etc., the enforcement of which is necessary to the preservation of the national health, safety and interest.

To carry on this work it is necessary to maintain a corps of trained investigators. Mr. Sullivan is such a trained investigator. In the attached Form 42 S further information relative to Mr. Sullivan is set forth.

SPECIAL AGENTS

This position has been designated as a key position by the Review Committee of the War Manpower Commission.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. The investigative work in connection with the above violations is performed by the Special Agent personnel of this Bureau, who are recruited from applicants between the ages of twenty-three and forty. They must be graduates of a law school or an accounting school with the necessary accounting experience, or graduates of a university with extensive investigative experience, or with linguistic qualifications, or have basic educational training and possess satisfactory prior law enforcement experience which will enable them to satisfactorily perform the duties imposed upon them. For certain of the scientific investigative work, Special Agents are secured who primarily are qualified in the sciences, such as ballistics, chemical analysis, spectography, cryptography, mineralogy, metallography, toxicology, and other like sciences. Applicants for appointment to the position of Special Agent must meet the physical standards and requirements for this position, which are exceedingly high. They must have vision of no less than 20/40 in one eye, 20/50 uncorrected, both eyes to be corrected to 20/20. They must have no color deficiency whatever.

Special Agents of the Federal Bureau of Investigation undergo a rigorous training program. All newly appointed Special Agents in the Federal Bureau of Investigation attend training classes for a period of sixteen weeks; the hours of training are from 9:00 a.m. to 9:00 p.m. daily, which course of study is equivalent to two full years of college study. During this period of training, they are thoroughly instructed in the basic rules and regulations and jurisdictions of the Federal Bureau of Investigation. They must satisfactorily pass numerous written examinations during their period of training. If a trainee fails to pass any of these examinations, he is dropped from the school.

The duties of a Special Agent of the Federal Bureau of Investigation are most arduous. They must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health. The average work week for a Special Agent of the Federal Bureau of Investigation is no less than seventy hours. The work of a Special Agent, regardless of his particular qualification, is such that he cannot lead a sedentary or well regulated life. Due to the small number of Special Agents of the Federal Bureau of Investigation presently handling the work under the jurisdiction of the Federal Bureau of Investigation within and without the continental United States, it is necessary that the entire staff be highly mobile.

Special Agents are required to be able to conduct investigations in more than 100 types of cases, including espionage, sabotage, subversive activities, frauds against the government, kidnaping, extortion, bank robbery, White Slave

Traffic Act, etc. They are trained in and required to maintain constant skill in the use of highly technical equipment, technical processes, such as those necessary for the development of latent fingerprints, concealed or obliterated numbers upon firearms, to understand the use of code messages, to conduct physical surveillances of subjects of espionage and similar cases, sometimes for periods of many months, and when necessary, to assume a necessary character to enable them to fit in an undercover capacity into the activities and operations of groups such as foreign agents, who are engaged in thwarting the war effort.

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agents that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions.

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent position of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 26th day of February 19 44

Re: SPECIAL AGENT WILLIAM C. SULLIVAN
ANNUAL EFFICIENCY REPORT

This Agent is short and stocky, but presents a good personal appearance. He has a very friendly personality and is extremely well liked by his fellow employees. His dress is usually neat, but some times he is obviously careless in this regard. He has exercised a high degree of initiative and resourcefulness. This Agent is energetic, forceful and aggressive and is considered by me to be a very conscientious employee.

Agent SULLIVAN is rated as very good in his ability to dictate. He is a good automobile driver. He testifies effectively. This Agent suffers from stomach ulcers, but this has not interfered with his work. He is qualified in the use of firearms, and he would handle himself well on a dangerous assignment. He has operated on a physical surveillance in a satisfactory manner. He can use a typewriter with sufficient proficiency to prepare rough draft reports in that form, but he does not have a knowledge of shorthand. His reports are well written. This Agent is very well liked by law enforcement officers in the vicinity of Brownsville, Texas, where he is designated as a Resident Agent. He has made good contacts with others outside of law enforcement in Brownsville. Agent SULLIVAN has a very good knowledge of his assignments and his work is properly organized, and I have confidence in his ability to carry out assignments in which it is necessary for him to accept and discharge responsibility without supervision.

This Agent has had no experience in the investigation of Sabotage or Espionage cases in this district. He has handled Internal Security matters, a large volume of Selective Service Act cases and a number of criminal investigations in a satisfactory manner.

Agent SULLIVAN has not had an opportunity to direct the activities of others or to demonstrate that he possesses supervisory, administrative or executive ability other than the general organization of his work. I do not consider him qualified at this time to act in a supervisory position.

MEMO, SAC,

RE: BUREAU BADGE NUMBER 2378 STOLEN FROM
SPECIAL AGENT WILLIAM C. SULLIVAN at
Brownsville, Texas April 18, 1944
San Antonio Field Division

FEDERAL BUREAU OF INVESTIGATION U. S. DEPARTMENT OF JUSTICE	
APR 19 1944	
SAN ANTONIO FIELD OFFICE	ROUTED TO FILE

There was stolen from me at my room on 327 West St. Charles Street, Brownsville, Texas April 18, 1944, between the hours of 12:15 A.M. and 6:30 A.M., the following pieces of property owned or assigned to me for use:

- 1.) Bureau badge No. 2378
- 2.) Illinois wrist watch set in a gold case (Value \$60.00) with a Navajo Indian made silver wrist band
- 3.) Small note book containing 50 to 60 addresses, record of income tax payments, number of badge and Bureau manuals and other personal data. The only Bureau information in the notebook was the numbers previously referred to.
- 4.) Fourteen dollars in cash. Of this amount three were one dollar bills, three two dollar bills and the remainder was a five dollar bill. Forty cents in silver coin was also taken.

The circumstances surrounding this theft are as follows: I arrived at my room at about 9:45 p.m., April 17, 1944. I read until 12:15 A.M. April 18, 1944 and then retired. No noise of any kind was heard during the night while I was sleeping. On awaking at 6:30 A.M. all was quiet and at about 7:00 A.M. I arose. It was then that I noticed that my trousers which I had, the night previous, folded neatly over a chair near an opened window (but with a securely fastened screen) were dropped on a chair nearby. I picked them up, noticing that my badge chain, keys and badge apparently were intact, fixed to a belt loop in the customary manner. On glancing at the window located about one foot from the chair which contained my trousers and suit coat, I observed that the screen was unfastened and swung open. I then then proceeded to the dresser located across the room from my bed and discovered that my watch which I had left on this dresser was gone. Along side this watch I had left my wallet with my credentials, GTR's, credit cards and many other similar papers, (all inside the wallet). On looking inside my wallet I discovered that the fourteen dollars cash I had was gone but nothing else in the wallet was taken. This included a check for forty dollar (\$40.00) check was in the same section of the wallet as the cash money but it was not taken. I then rechecked my trousers and found that 40 cents in silver coin which I had was also taken. Also taken was the small notebook previously listed. This book was in my left suit coat pocket. I then looked inside my badge case and discovered that the badge was stolen but the leather badge case was not so that on first glance it gave the appearance of being intact.

*Did not

finger*

I immediately notified Captain [redacted] of the Brownsville City Police Department and TOM MORRISON, Sheriff of Cameron County of this theft. However I did not mention to them that the badge was missing. I notified them of the theft of money, notebook and watch only. There were further requested not to give the matter any publicity. [redacted] reporter for the Brownsville Herald Newspaper is very friendly with the police in Brownsville and would undoubtedly learn of this theft from them. As he is regarded reliably and a friend of this Office he was informed by the reporting Agent that a little money and a watch was stolen from his room and he was requested not to give it any publicity if it were called to his attention. He promised he would make no mention of it.

*She should

x-68*

[redacted] landlady, 327 West St. Charles Street, advised the Agent that about a week ago, during his absence, a man had broken in to his room in the night but that she did not report it to the police for she did not believe anything had been taken. It is to be noted in this connection that a wave of such crimes is sweeping through the Valley area.

A thorough investigation was at once commenced by the reporting Agent in an endeavor to recover the badge. Use of informants in both Brownsville and Matamoros, Mexico is being employed. To the informants in Matamoros, Mexico the reporting agent has offered a \$25.00 reward (discreetly and in accord with the prevailing customs in that city) for the recovery of the badge. However, no mention of the badge was made, pretext being used in this instance. It may be that the thief is from Matamoros, Mexico and his apprehension and interrogation may result in the return of the badge. The money offered will be furnished by the reporting Agent.

[redacted] Detective for the Sheriff's Department and [redacted] Detective for the City Police Department are both devoting close attention to the case for the reporting Agent. One fingerprint was secured from the window sill where the thief entered the room.

[redacted] advised the Agent that three other houses were broken in to the same night on the same street within an area of about two blocks. It is believed the same person did all the "breaks."

The San Antonio Field Division was at once notified of the theft telephonically by the reporting Agent. The investigation to recover the badge is being vigorously pursued and the Office will be kept fully advised of developments.

Re: LOSS OF FBI BADGE #2378
STOLEN DURING BURGLARY OF THE
ROOM OF SPECIAL AGENT WILLIAM
C. SULLIVAN, AT BROWNSVILLE,
TEXAS, APRIL 18, 1944.
SAN ANTONIO FIELD DIVISION

Dear Sir:

Please be advised that Special Agent WILLIAM C. SULLIVAN, Resident Agent at Brownsville, Texas advised ASAC RALPH H. WINTON by long distance telephone at 8:30 A.M. on April 18, 1944 that sometime between the hours of 12:15 A.M. and 6:30 A.M. on April 18, 1944 some unknown individual had burglarized his room by unfastening the screen on one of the windows of the room. The burglar took the following property:

- ① Bureau badge No. 2378
Illinois wrist watch set in a gold case with a Navajo Indian made silver wrist band (Value \$60.00)
Small notebook containing 50 to 60 addresses, record of income tax payments, number of badge and Bureau manuals and other personal data. The only Bureau information in the notebook was the numbers previously referred to.
- ② Fourteen dollars in cash. Of this amount three were one dollar bills, three two dollar bills and the remainder was a five dollar bill. Forty cents in silver coin was also taken.

Special Agent SULLIVAN furnished the attached memorandum regarding the burglary and loss of the badge. Agent SULLIVAN advised that he had contacted the Police Department and reported the burglary, but not the loss of the badge in order to avoid unfavorable publicity. Special Agent SULLIVAN advised arrangements had been made with local newspapers that no mention would be made of the burglary. These arrangements had also been made with the local police department.

A case is being opened in the San Antonio Field Division entitled, "UNKNOWN SUBJECT, THEFT OF FBI BADGE NUMBER 2378, APRIL 18, 1944, THEFT OF GOVERNMENT PROPERTY," and is being assigned to a Resident Agent at Brownsville, Texas. This case will receive expeditious and continued attention.

DIRECTOR

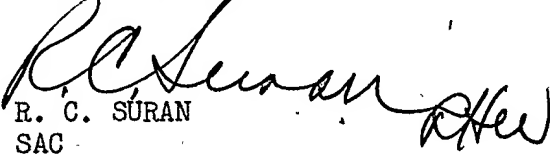

April 19, 1944

Special Agent SULLIVAN has been Resident Agent at Brownsville, Texas since November 30, 1943. Agent SULLIVAN has a room on the ground floor in a private residence in one of the better residential sections of Brownsville. The owner of the home in which Agent SULLIVAN has a room has an excellent reputation. Agent SULLIVAN advised when he retired the door to his room, as well as the screens on the windows were securely locked.

From Agent SULLIVAN's memorandum and from his conversation over the telephone on April 18, 1944 it appears Agent SULLIVAN was a victim of a burglar who was operating in Brownsville at three other houses the same night.

In reviewing all of the facts set out in the memorandum and from Agent SULLIVAN's conversations, it is the opinion of the writer Agent SULLIVAN was not negligent.

Very truly yours,

CONCERNING THEFT OF THIS AGENT'S
OFFICIAL BADGE-4/18/44

INTRODUCTORY:

By letter of 4-19-44, SAC Suran reported the fact that on 4-18-44, some unknown individual burglarized the room of the captioned Special Agent at Brownsville, Texas, while he was asleep therein, and stole certain property of this Agent, including his Bureau badge. The Bureau badge was the only piece of official property stolen. There was, however, a pocket notebook stolen containing the numbers of his badge and Bureau manuals. The SAC stated that the local police authorities had been notified of the burglary but not specifically of the loss of the badge, in order to avoid unfavorable publicity, and that arrangements had been made by Agent Sullivan with local newspapers and the Police Department to forestall any mention of the burglary. Further, a Theft of Government Property case has been opened and is receiving continuous attention. Agent Sullivan prepared a detailed memorandum of the circumstances surrounding this occurrence and SAC Suran expressed the opinion, after reviewing its facts and talking with the Agent, that he was not negligent.

DETAILS:

Agent Sullivan occupies a room on the ground floor of a private residence in one of the better residential sections of Brownsville, the owner bearing an excellent reputation. He advised that on 4-17-44, he arrived at his room at 9:45 P.M., read there until 12:15 A.M. on 4-18-44, then retired, and awakened the following morning without having been disturbed by any kind of noise. When he retired the screens on his window were securely locked, but the next morning the screen was unfastened and swung open.

He noticed first that his trousers were dropped on a chair near the window, whereas he had folded them neatly over the chair when he retired. He examined them hastily and it seemed that his badge chain, keys and badge were intact in the customary manner. He proceeded to the dresser and discovered that his watch was gone and on looking into his wallet which had lain beside the watch on top of the dresser he discovered that \$14 in cash had been taken, but that the credentials, GTRs, credit cards and other papers inside the wallet

 FEDERAL BUREAU OF INVESTIGATION

were intact. Upon rechecking his trousers he found that 40¢ in change was taken, and on looking inside his badge case he discovered that the badge was stolen but the leather case had been restored to give the appearance of being intact with the badge. He checked his coat and discovered that the notebook mentioned above had been taken from the left pocket.

Agent Sullivan immediately telephoned the office at San Antonio and reported the incident, notified the local police and sheriff authorities about the burglary, mentioning everything except the badge, and requested them not to give the matter any publicity, and in addition he reported the occurrence to one of the newspaper reporters whom he knew was friendly and would undoubtedly learn of the theft from the police, and he requested this reporter to arrange so that no publicity would be given this incident, and the reporter promised that this would be done. He offered a reward, as is customary in the Spanish sections there, and advised that he will subsidize the payment of it personally.

The Agent began an immediate investigation in conjunction with the local authorities, found one latent print on the window sill which apparently has not yet been identified. He also learned from the landlady that a week previous to this burglary, during his absence from there, some man had broken into his room at night but the incident was not reported because nothing had been taken. In addition, it appears that there were three other house breakings on the same night and in the same neighborhood, and it is believed that the same person did all of the "breaks." The investigation is being vigorously pursued but the subject has not yet been identified.

CONCLUSIONS:

From a review of the foregoing facts and the pertinent Bureau rules and regulations, it appears that Agent Sullivan had exercised a reasonable degree of care in order to insure the security of his official property. It appears that the burglary occurred while he was in the room, and that a breaking and entry was necessary in order to commit it. It is believed that the fact that the property involved was all in the same room as this Agent fulfilled the requirements for security. It also appears that everything possible is being done to bring the investigation of this matter to a logical conclusion and further that appropriate steps have been taken to forestall any adverse publicity.

RECOMMENDATION:

It is recommended that no action be taken against Agent Sullivan in this matter.

ADDENDUM:

Re: SPECIAL AGENT WILLIAM C. SULLIVAN
SPECIAL EFFICIENCY REPORT

This special efficiency report is being submitted incident to the transfer of Agent SULLIVAN from San Antonio to the Bureau.

Special Agent SULLIVAN has been working as a Resident Agent at Brownsville, Texas and has performed his duties there in an efficient manner. He presents a good personal appearance and is extremely well liked by fellow employees and others with whom he comes in contact. He has exercised a high degree of initiative and resourcefulness. He is a very conscientious employee.

mlw:jm
This Agent is rated as very good in his ability to dictate. He is a good automobile driver and maintains the Bureau car assigned to him in satisfactory condition. He is a good witness in court. This Agent suffers from stomach ulcers, but this has not interfered with his work. He is qualified in the use of firearms, and it is my opinion he would give a good account of himself on a dangerous assignment. He has operated on a physical surveillance in a satisfactory manner. He can prepare rough draft reports by the use of the typewriter, but he does not have a knowledge of shorthand. His reports are well prepared. He is a very good contact man. His work is organized in the proper manner.

Agent SULLIVAN has handled various types of National Defense and criminal matters in Brownsville, Texas, but his principal work has been the investigation of Selective Service Act cases. He is a very good investigator.

This Agent has not had an opportunity to direct the activities of others, but considering the general organization of his work and his knowledge of Bureau policies and procedures, it is my opinion that he has developed to the point where he could be considered to act in a supervisory capacity.

Very truly yours,

MEMORANDUM FOR MR. TOLSON

Supervisor [] entered on duty April 28, 1944 and after serving at the Newark Office was assigned to the SIS Section on August 2, 1942. It will be observed that he has had but one year's field experience. Inspector Gurnea considers him to be average and recommends that he be replaced by an Agent who has had experience on SIS assignment. It is felt that [] for further advancement in the service should receive more field experience although his work as a Supervisor has been adequate.

b6
b7C

To replace [] I recommend the transfer from San Antonio of Special Agent William C. Sullivan. Sullivan entered on duty August 4, 1941 and has had a varied type of field experience in several offices. He was assigned to Madrid, Spain on December 1, 1942 and returned to this country in March 1943. His services while on SIS were highly satisfactory and he generally has a very good record. He is extremely enthusiastic and conscientious. He was removed from SIS because it was found he was suffering from a peptic ulcer and a sinus condition. It is not felt that this would interfere with his work as a Supervisor at the Seat of Government. Sullivan is 32 years of age, single and classified 2-A until September 3, 1944.

In accordance with Mr. Gurnea's recommendations as to the SIS Supervisory setup, Sullivan would have supervision of Venezuela, British Guiana, Surinam, French Guiana, Aruba, Curacao and the Caribbean except Cuba, Jamaica and Trinidad. This transfer may be made immediately.

Mr. Ladd and Mr. Carson concur

Respectfully,

Robert C. Hendon

W.C.S.

He makes a very good appearance, being neat in his dress and creates a very favorable impression upon those with whom he comes into contact due to his likeable personality. He is very enthusiastic, energetic and has a very good attitude. He is very hard working and prepares an unusually large amount of work. He has considerable ingenuity and it is believed that he will develop into a better than average supervisor.

Appeal Procedure

Any person entitled to do so may take an appeal to the board of appeal within 10 days after the above date of mailing of Notice of Classification to registrant in either of the following ways:

- (1) By filing with the local board a written notice of appeal. Such notice need not be in any particular form but must state the name of the registrant and the name and identity of the person appealing so as to show the right of appeal.
- (2) By signing the "Appeal to Board of Appeal" on the Selective Service Questionnaire (Form 40).

The person appealing may attach to his notice of appeal or to the Selective Service Questionnaire (Form 40) a statement specifying the respects in which he believes the local board erred, may direct attention to any information in the registrant's file which he believes the local board has failed to consider or give sufficient weight, and may set out in full any information which was offered to the local board and which the local board failed or refused to include in the registrant's file.

Appeal to the President from classification by the board of appeal may be taken at any time within 10 days after the date of mailing of notice to registrant, provided the registrant was classified by the board of appeal in either Class I-A, Class I-A-O, or Class IV-E and one or more members of the board of appeal dissented from such classification. Otherwise, the decision of the board of appeal is final except when an appeal is taken to the President either by the State Director of Selective Service or the Director of Selective Service on the ground that he deems it to be in the national interest or necessary to avoid an injustice.

RE: JOSEPH E. CASEY - SPECIAL Assistant to
President Franklin D. Roosevelt

Dear Mr. Hoover:

Joseph E. Casey has been a close, personal friend of mine for many years, having lived and associated with him in the same community in Massachusetts. He is being called to your attention at this time for two specific reasons:

- 1) a recent confidential statement made by him to me indicating that some important persons in government circles think the Bureau is too powerful;
- 2) his possible value as a special contact relative to world-wide postwar coverage by the Bureau and also in other matters.

In reference to the first reason, it is believed that Casey may be reflecting the view of some person in the White House circle with whom he associates. He has often enunciated to me ideas propounded by Mrs. Franklin D. Roosevelt, Vice-President Henry A. Wallace, and Secretary of Interior Harold Ickes. Casey's own reaction to this attitude was one of unacceptance. He commented on how eminently just the Bureau has been and that any such force functioning in the behalf of the people of a nation could not become too powerful. It was not expedient at the time to discuss the subject so I made no inquiries relative to its source. This can be done later.

In reference to the second reason for calling Casey to your attention, I wish to point out that he is held in high esteem by President Franklin D. Roosevelt and is reported to have some influence with the President. In this capacity Casey could be of value to the Bureau if effectively developed as a special contact. He is a brilliant, honorable, able man in his early forties who served from 1934 to 1942 as Congressman from the Third District of Massachusetts. I am aware that he became identified with the liberal segment of the New Deal group. However, knowing him intimately

ORIGINAL FILE IN 94-4-5047-2

1-205182-109

1991 JUL

as I do, I say without hesitancy that it was for political purposes and not because he had any connections or sympathy with undesirable elements.

Casey confidentially advised me that President Roosevelt asked him to serve on the Dies Committee for the expressed purpose of opposing Dies and bringing "sanity and balance" to the Committee. Casey complied with the President's request.

Casey also advised me in like manner that during a private discussion with Vice-President Wallace on social issues, Wallace confidentially and discreetly informed Casey that in his opinion the United States may be at war with Great Britain within forty years, because of England's systematic designs and efforts to control the economic resources, finances, and trade routes of the world.

Recently, while having dinner at Casey home in Washington, Mrs. Casey cautiously informed me, during a conversation before the arrival of Mr. Casey, that President Roosevelt may send him on a confidential assignment to Europe later in the year. She stated that the details of this proposed trip were wholly unknown to her. There was no opportunity later in the evening to discuss the matter with Casey.

If the Democratic Administration is returned to office, Casey's prestige and influence with President Roosevelt will quite likely be greatly increased. It is not impossible that he one day may be Attorney General. If properly developed he has both immediate and potential value as a special contact. Casey, if he approves of a policy, is the type of man that is very generous in his services to it and most courageous in its defense. He is tenaciously loyal to his friends and to the ideas he believes in. If he were interested in and became attached to the Bureau, his support would not be without effectiveness.

If you think that the facts warrant developing Joseph E. Casey as a special contact, I will be most pleased to assist in bringing about this end. However, on being once established as a special contact, I believe he ought to be handled by a Bureau official.

Respectfully,

/s/ William C. Sullivan

Dear Sir:

Special Agent W. C. Sullivan has received special training at Washington, D. C. for confidential foreign assignment. The Bureau records reflect that this Agent has some Spanish language facility and it is desired that you advise him that the Bureau will defray the cost of a brush-up course in this language at a cost not to exceed \$100.00.

You should advise this Agent that such training as he may desire to take in connection therewith is to be held confidentially and that he is to obtain receipted bills for such instruction, which receipted bills should be submitted by you for reimbursement to the Agent in a special letter marked for the attention of Mr. C. H. Carson.

This Agent should be further advised that such instruction will have to be conducted outside of regular Bureau working hours. It is further desired that this Agent advise the Bureau as to whether he contemplates taking such language training, or whether his proficiency in the language is such as to obviate the necessity for any additional instruction.

SPECIAL AGENT SUPERVISORS
SIS Section, Security Division

Reference is made to the attached Executives Conference memorandum dated January 16, 1945, in which the Director approved the assignment to the SIS Section of additional Special Agent personnel to prepare monographs not only upon the Latin American countries but upon radical and subversive movements approached not only from the viewpoint of their activities in the United States but also upon the basis of their operations in the Latin American countries and otherwise on an international and even worldwide basis. Mr. Carson has recommended the following Special Agents for this work:

(1) WILLIAM C. SULLIVAN, Special Agent - Sullivan is presently a supervisor in the SIS Section. He entered on duty on August 4, 1941, has served in a number of the Bureau's field offices, is presently in CAF-11, \$3800 per annum, and has an excellent record in the Bureau's service. He has previously served on SIS assignment in Madrid, Spain. He has a good educational background and has exhibited a special aptitude for writing.

(2) [redacted] Special Agent - [redacted] entered on duty in the Bureau as a Special Agent on June 29, 1942, and is presently assigned to the Portland Divisional Office. He previously served in the Salt Lake City and Denver Divisional Offices. He is in Grade CAF-11, \$3800 per annum. He is presently 27 years of age, married, and has two children. He has a good record in the Bureau's service and his last efficiency rating dated January 15, 1945, rated him VERY GOOD. He has had previous experience in writing preparing a column for his college paper, was a reporter for the Pacific Builder and Engineer, is an approved Bureau speaker, and has a good educational background.

(3) WILLIAM G. SIMON, Special Agent - Simon entered on duty in the Bureau on December 9, 1940, and has served in the Philadelphia and San Antonio Divisional Offices. He was transferred to San Antonio on March 26, 1944. He is presently in CAF-12, \$4600 per annum. His offices of preference are San Francisco, Denver, and New York City. He had considerable desk work while assigned to the Philadelphia Divisional Office and his SAC at San Antonio has been instructed to afford him administrative training. Before entering the Bureau he was in charge of Public Relations for St. Mary's College in California and ~~Denver~~ taught on a part-time basis in the same school. He is married, has two children, and is 31 years of age. The Director saw Simon on November 30, 1944, and felt he should be very carefully considered for assignment to positions involving supervisory and administrative functions. The Director stated that Simon was ambitious to go ahead and ~~uses~~ ^{has} an excellent appearance and impression. Assignment at the SOG preparing monographs would, of course, afford Simon valuable Bureau

(4) [redacted] Special Agent - This Agent entered on duty in the Bureau on December 9, 1940. He has served in the San Francisco, New Orleans and Philadelphia Divisional Offices. He was also a supervisor at the SOG and has been on SIS assignment. He is presently in CAF-12, \$4600 per annum. He is 33 years of age, married, and has no children. He has an excellent educational background and is very fluent in French, Spanish, German and Yiddish. He also has some knowledge of Italian. He has a very good record in the Bureau. While Greenburg was at the SOG, he prepared the monograph on Brazil which is considered one of the best monographs prepared on the Bureau's foreign activities. In view of his demonstrated ability along this line, it is felt that he is well able to handle an assignment preparing monographs. b6 b7C

The SIS Section points out that in the event Agent Sullivan is approved for this assignment of preparing monographs, it will be necessary to replace him. The SIS Section recommends that consideration be given to the designation of Special Agent [redacted]

Special Agent [redacted] entered on duty in the Bureau on January 28, 1940, as a Clerk in the San Antonio Office and became a Special Agent on November 4, 1940. He served in a number of Bureau divisional offices as well as on SIS assignment. He has been in Dallas since Dec. 18, 1944. He is married and has no children. He is in Grade CAF-12, \$4600 per annum. He has a good educational background and has a good record in the Bureau's service. It is felt that in view of his previous SIS experience, he would make an excellent replacement for Special Agent Sullivan on the supervisory desk.

RECOMMENDATION:

It is recommended that Special Agents [redacted] Simon, [redacted] and [redacted] be immediately transferred to the Security Division, it being noted that Special Agent [redacted] will replace Special Agent Sullivan on the supervisory desk when he takes up the duties of preparing monographs.

In keeping with your instructions, all requests for information by the Immigration and Naturalization Service, United States Department of Justice, which were received by this Bureau to 9:00 A.M., November 14, 1945, have been answered.

Since this Section took over this work on October 8, 1945, 14-284 requests have been answered. Each request entailed the search of at least one name and in most instances there were two or more aliases. This enormous volume in a large measure has been possible because of the fine cooperation of the Searching and Reviewing Units of the Records Section and Cartwright, Chief of that Section.

As you know, in addition to those regularly assigned to this work, following supervisors have unselfishly spared time from their own desks to assist in this project and have added materially in completing the work in due time:

Mr. Sullivan informs me that he has previously completed considerable graduate work in this field and expects to be in a position to obtain his Ph.D. following about two years of part-time study evenings. This will, of course, not interfere in any way with his Bureau work.

Dear Mr. Sullivan:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Bethesda, Maryland, on July 24, 1946.

This report reflects that you have chronic prostatitis.

It reports that you are capable of performing strenuous physical exertion, and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

MR. CARSON:

Special Agent Sullivan has been assigned as supervisor in the SIS Division at the Seat of Government since July 29, 1944, he having previously undertaken a brief special assignment in Madrid, Spain for the State Department. He has in the past served as Country Supervisor for a period, but has been assigned more extensively in the preparation of monographs and special memoranda of the monograph type. Sullivan presents an excellent appearance. He is small in stature, but well groomed and well proportioned, with a very good personality. He is extremely serious and introspective in manner and outlook. This Agent is particularly conscientious, devoted and loyal. He applies himself in a particularly industrious manner and has a tendency to prepare his work in a meticulous, careful manner. He handles his dictation well and is above average in preparation of involved and complex memoranda, etc. Sullivan is particularly adept to research work because of his analytical mind and somewhat philosophical nature. He is believed to be in an Excellent status at the present time.

INSPECTOR GURNEA:

Sullivan is extremely sincere and inclined to be very studious. He appears to be conscientious and loyal. He has an analytical mind and should excel on paper work although I do not believe he should be considered for domestic field supervisory work involving the supervision of personnel. During my interview with him he indicated an extreme interest in research and analysis work. I feel that he is outstanding in this field. With the exception as indicated above, I believe Sullivan is above average.

Dear Sir:

Reference is made to my teletype of November 8, 1946, advising that the above-named Special Agent expected to return to Washington on November 18, 1946.

Agent Sullivan advised this office on the evening of November 16, 1946, that he has been under the constant care of Dr. J. R. Coleman, a specialist from Mansfield, Massachusetts, who informed him he had had virous pneumonia and that he was making further examinations to make sure that the various tests prove negative prior to releasing him.

It was previously thought Agent Sullivan would be able to report to Washington today. However, he has informed us that he will not be able to return prior to November 25, 1946, and that in all probability he will be well enough to return to work at that time.

Very truly yours,

Supervisor W. C. Sullivan of the SIS Section has been instructed to report for In-Service Training on January 20 next. He has called attention to the fact that he recently returned to active duty after prolonged sick leave occasioned by a serious attack of virus pneumonia. As an aftermath of this illness he claims that he experiences periods when his temperature rises considerably with resulting perspiration. A doctor under whose care he still remains informs him that this will continue at irregular intervals for approximately six months and is to be expected after such an illness.

7 JAN 30 1947 205-182-137

Agent Sullivan is very much concerned at the possibility of having to be on the range in Quantico during what may be cold and unpleasant weather with possible serious effects on his health. He asked, therefore, that if at all possible his assignment for In-Service Training be postponed at this time.

RE: WILLIAM C. SULLIVAN
SPECIAL AGENT
CAF-12, \$6144.60
EOD BUREAU 8/4/41

Special Agent Sullivan has been assigned as a Supervisor in the Atomic Energy Section, Division Five, since January 27, 1947. Prior to that time, he was a Supervisor in the SIS Division, where I had an opportunity to observe his work throughout the year.

Special Agent Sullivan has been handling applicant cases in the Atomic Energy Section. He is very industrious and I would say that his output of work is above average. He is unusually adept in doing research and in the preparation of memoranda. I would say that his outstanding characteristic is his extremely conscientious approach to his work. Special Agent Sullivan is definitely above average in intelligence and is one of the better read Supervisors. He is outstanding with respect to his background of knowledge and has an excellent command of English. He handles dictation well and does excellent paper work.

Special Agent Sullivan has a friendly personality, although he is somewhat shy and reserved. He presents an excellent appearance and is very loyal to the Bureau.

Special Agent Sullivan has demonstrated administrative ability and I believe he is entitled to a rating of EXCELLENT.

With reference to the memorandum from Mr. Mohr to Mr. Tolson dated May 12, 1947, in which it was recommended that Supervisor William C. Sullivan be designated to handle the proposed Communist Research Desk, I wish to advise that Mr. Sullivan is presently assigned to the Atomic Energy Section and Mr. Keay has informed me that Mr. Sullivan is presently ill with a stomach ulcer and that his physician has recommended that he take some leave in an effort to rectify his condition. I understand that Mr. Sullivan is presently on leave and is uncertain as to how long he will be off if he follows the instructions of his physician.

In view of the physical condition of Mr. Sullivan it is suggested that consideration be given to designating some other person for this desk.

EOD BUREAU 8/4/41

Special Agent Sullivan has been transferred as a Supervisor on the Research Desk in the Internal Security Section. He had been assigned as a Supervisor in the Atomic Energy Section since January 27, 1947, handling applicant and employee cases.

Special Agent Sullivan is industrious, intelligent, and unusually conscientious. He is very adept at doing research work and has an excellent background for such work. He handles his dictation well and does excellent paper work.

Special Agent Sullivan makes an excellent appearance, is loyal to the Bureau, and has a friendly, although somewhat reserved, personality. He is entitled to a rating of EXCELLENT.

at the Seat of Government since he requested to be relieved of attendance at the two-day conference on Communist matters being held at the Seat of Government on May 19 and 20 because of serious illness in his family.

Special Agent [redacted] before being considered for assignment to the Seat of Government as a Supervisor should remain assigned to the San Juan Division for an additional period of time, it being noted that he was transferred there as recently as April 21, 1947.

b6
b7C

Special Agent WILLIAM C. SULLIVAN is 34 years old, married and has no children. He has a B.A. Degree from American University, attended Clark University, Worcester, Massachusetts and Boston College Graduate School. He has completed studies for his Master's Degree and at the present time is writing his thesis to obtain this degree at George Washington University and is also continuing his studies there looking toward the obtainment of his Doctor's Degree. Special Agent Sullivan comes from Bolton, Massachusetts, entered on duty in the Bureau as a Special Agent on August 4, 1941 and has served in Milwaukee, El Paso, Philadelphia, Baltimore and San Antonio, as well as serving on SIS assignment for a period of time in Madrid, Spain. He has been a Supervisor in the Security Division since June 25, 1944 where he handled the supervision of Communist matters and other investigations of an SIS character. He has been more recently assigned to the Atomic Energy Section. He is in Grade 12, \$6144.60 per annum. During the inspection of the SIS Section in July 1946, Inspector Gurnea said he was extremely sincere, inclined to be very studious, appeared to be conscientious and loyal, had an analytical mind, should excel on paper work and he felt that Sullivan was outstanding in the field of research and analysis work. During his assignment to the SIS Section, Sullivan did a considerable amount of research work and handled the preparation of monographs. He was rated Excellent on the basis of his work by Mr. Carson and it was stated that he was unusually adept at doing research and in the preparation of memoranda. It was further stated he was definitely above average in intelligence, had an excellent command of English, dictated well and was above average in the preparation of involved and complex memoranda.

CONCLUSION

On the basis of the review of the files, it appears that Special Agent Sullivan of those recommended for assignment to the Research Desk is best qualified and suited for selection to such an assignment.

RECOMMENDATION

It is recommended that Special Agent Supervisor William C. Sullivan be immediately designated to handle the proposed Communist Research Desk.

RE: FIELD INVESTIGATIVE TRAINING - SOG AGENTS

Dear Sir:

Reference is made to my personal and confidential communication to you of May 12, 1947, wherein you were advised that certain Special Agents presently assigned to the Seat of Government in Supervisory positions would be assigned to your office for a period of two weeks to handle regular investigative matters.

It is desired investigative assignments be made to this Special Agent in accordance with instructions furnished in reference letter. Cases should be assigned to this Agent prior to his arrival at your office and the necessary files and serials should be available immediately so there will be no time lost in starting his investigations.

As instructed in Bureau letter to you dated May 12, 1947, you should submit a report relative to the manner in which this Agent performed his duties while assigned to your office.

OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

TO : MR. TOLSON
FROM : J. P. MOHR
SUBJECT: COMMUNIST SUPERVISOR
RESEARCH DESK

DATE: 5/12/47

Reference is made to the attached Executives Conference memorandum which unanimously approved the establishment of a Research Desk in the Security Division to review the principal daily printed publications such as the Daily Worker and other periodicals and through this medium endeavor to build up a Research Desk on a selective basis which could prepare and forward to the field offices once a month a summary or digest on trends based on the study of these national publications. It was recommended that if the Director approved this recommendation, one of the following Special Agents be considered for assignment to the Research Desk: J. W. Yeagley, Seat of Government; J. F. Wacks, New York City; Fred Zinck, New York City; [redacted] Savannah and Otho A. Ezell, San Francisco.

b6
b7C

Mr. E. A. Tamm did not concur with respect to the personnel suggested but recommended C. C. Sullivan of the Security Division or [redacted], formerly on SIS assignment but recently stationed in Puerto Rico.

I have carefully reviewed the files on the men suggested by Mr. Ladd and find with respect to them as follows:

Special Agent Supervisor JOHN W. YEAGLEY is 38 years old, married and has no children. He has served in the Baltimore, Milwaukee and Albany Offices and in Valparaiso, Chile on SIS assignment. He was assigned to the Security Division as a Supervisor on August 5, 1945. He is in Grade 12, \$5905.20 per annum. He has A. B. and LL. B. Degrees from the University of Michigan. He has been a Supervisor in the SIS Section and assisted in the preparation of the Communist Party brief. It is noted that during the inspection of the SIS Division in July 1946 Mr. Burnea said he did not appear to have the force and aggressiveness one would expect of a Bureau Agent, that he was considered above average as a Supervisor but not outstanding.

Special Agent JOHN F. WACKS is presently assigned to the New York Division. He was here in Washington in April 1947 to assist in the preparation of the Communist Party brief but he was called to his home in Binghamton, New York on April 15 because of the serious illness of his mother. His mother appears to be still critically ill and there is serious doubt that she will survive her present illness. It is felt that in view of Agent Wacks' personal situation he should remain assigned for the time being to the New York Division.

1001 17 JUN

11 JUL 2 1947

Special Agent FRED ZINCK is 35 years old, married and has two children, one of school age. He has a B.S. Degree from Dalhousie University, Halifax, Nova Scotia, a teacher's license and an LL. B. Degree from the National University School of Law. He is assigned to the New York Division where he has been since March 23, 1941. He entered on duty as a Special Agent on June 26, 1939 and prior thereto as a Fingerprint Classifier on November 5, 1936. He is in Grade 12, \$6384 per annum. His offices of preference are Boston and Denver. It is noted that although Zinck's efficiency ratings have been very good he was described in March 1946 while attending In-Service by former Chief Clerk R. E. Lee as being somewhat meek in manner with a rather nice way of expressing himself. On March 31, 1947 in his annual efficiency report he was rated Excellent by SAC Scheidt and it was stated that no administrative, supervisory or executive ability was observed on the part of Agent Zinck and that for the rating period he had been handling only regular investigative work. It was stated that he had taken it upon himself to develop a complete knowledge of the Communist situation which had been of great assistance in his work but there was nothing indicated in his record that he had any particular qualifications for research work or had done any such work in connection with assignments in the Bureau.

b6
b7C

Special Agent [redacted] is 29 years old, married and has one child. He entered on duty in the Bureau on June 1, 1937 as a Clerk and as a Special Agent on March 16, 1942. He is presently in Grade 12, \$5905.20 per annum. His offices of preference are Little Rock, Memphis and Oklahoma City. He is presently assigned to the Savannah Division. [redacted] attended George Washington University for three years where he obtained his A. B. Degree and attended George Washington Law School for 1½ years. Special Agent [redacted] has been assigned to the Des Moines, Kansas City and Chicago Offices. While at Chicago he was assigned to the Security squad and as such handled investigations of Communist matters. He was used as a relief supervisor on the Security Desk and demonstrated he could successfully operate as a field supervisor. He was rated Excellent by SAC McSwain on March 31, 1947. It is felt that Special Agent [redacted] presents a good prospect for further advancement in the Bureau's service based on his file although there is nothing therein indicating he has any outstanding ability in research work. As a further factor against transferring him to the Seat of Government as a Supervisor at this time is the fact that he as recently as March 28, 1947 arrived at his new office of assignment in Savannah. It is felt that he should be left there for the time being, consideration being given to him for a supervisory assignment at the Seat of Government at a later date.

Special Agent OTTO A. EZEEL is presently assigned to the San Francisco Division. Although he has apparently done a fine job supervising Communist investigations in the San Francisco Division, it is not felt he should be considered for assignment to the Research Desk

OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

TO : THE DIRECTOR
 FROM : The Executive Conference
 SUBJECT:

DATE: April 30, 1947

W. C. SULLIVAN

At a meeting of the Executive Conference on April 30, 1947, attended by Messrs. Tolson, Tamm, Tracy, Harbo, Hendon, Rosen, Clegg and Ladd, a discussion was had with reference to the extent to which the Research Desk on Communist matters should operate.

The Conference was advised of the large number of pamphlets, periodicals and other work which could be considered in connection with this project. It was advised that the Communist Research Desk could, in addition to checking such pamphlets, as the "Daily Worker" review all publications of the International Publications and of the New Century publishers, that such a desk could study the propaganda work of the Party and the Party functions, as well as numerous other matters.

The Conference was unanimously in favor of the following recommendation made by Mr. Tamm: That the Research Desk be established with one man assigned to review the principal daily printed publications, such as the "Daily Worker". The leading weekly and/or monthly Communist printed periodicals and through this medium endeavor to build up a Research Desk on a selective basis which could prepare and forward to the field offices once a month a summary or digest of trends based on the study of these national publications, that thereafter in the event need was seen for extending this work, the recommendation with reference to therewith should be submitted and considered separately.

In the event you approve of the recommendation of the Conference, it is suggested that one of the Special Agents listed below be considered for this work:

J.W. YEAGLEY, Seat of Government: Special Agent Yeagley has been a supervisor in SIS Handling Communist matters in Latin America and since February, with your authorization, has been assisting in the preparation of the Brief of the Communist Party. Mr. Yeagley is well qualified from the standpoint of current knowledge of Communist Party policy, both in the United States and abroad, to discharge the responsibilities on this desk.

J.F. WACKS, New York City: Special Agent Wacks was one of the two Agents who prepared the New York summary report on the Brief of the Communist Party and has been assisting at the Seat of Government with the preparation of the Brief on the Party. He is thoroughly conversant with the investigative problems concerning the Party and its members in the Field and can be considered an expert on the educational program of the Party at the present time. It is felt that he is well qualified to discharge the responsibilities of this desk.

FRED ZINCK, New York City: Special Agent Zinck has been engaged in investigations of Communist activities for the past six years and is well acquainted with the current investigative problems in the Field, both with regard to the organization and the key figures in the Party. It is felt that he is well qualified to discharge the responsibilities of this desk.

Memorandum for the Director

[REDACTED] SAVANNAH: Special Agent Coleman was a key man on Communist investigations in the Chicago Division and is well acquainted with the investigative problems in the Field, not only for the Party itself but for its front groups and its infiltration into labor organizations. He was only recently transferred to Savannah, where the Communist problem is negligible. It is felt that he is well qualified to discharge the responsibilities of this desk.

b6
b7C

OTHO A. EZELL, San Francisco: Special Agent EZELL has been engaged in investigation of Communist and Russian activities in San Francisco for the past six years and is presently the Field Supervisor of Russian and Communist activities in the San Francisco Division. It is felt that he is well qualified to discharge the responsibilities of this desk.

Respectfully,
For the Conference

Clyde Tolson

E. A. Tamm

cc - Mr. Clegg
Mr. Hendon

ADDENDUM, 5-3-47. Mr. E.A. Tamm does not concur with the personnel suggested for the Research Desk but suggests the name of Special Agent W.C. Sullivan, presently assigned to the Security Division, or of [REDACTED] formerly on SIS assignment but recently stationed in Puerto Rico. He believes that each of these men has a research and literary qualification that is essential to the proper performance of work on the Research Desk and that in addition, they have a sufficiently broad background of Communist activities to enable them to quickly grasp the necessary essential technical information to do a good job on this desk. OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

TO : Mr. D. H. Ladd

DATE: August 11, 1947

FROM : J.P. Coyne

SUBJECT :

As you well know and as the men in the Internal Security Section know, we are extremely delinquent on all of our desks in the Internal Security Section. Accordingly, annual leave has been restricted to a maximum of two weeks. We are endeavoring to spread out this annual leave on as equitable a basis as possible in order not to too greatly affect our problem of overcoming this delinquency.

Several of the Supervisors in the Section being cognizant of this delinquency have voluntarily come to me and offered to defer or restrict their leave. I think the following, therefore, should be made a matter of record and that the following Supervisors be commended for the excellent spirit which they have shown.

Supervisors F. J. Baumgardner, T. J. McAndrews and E. H. Mossburg have deferred their leave indefinitely, stating that if they can be of assistance they will not take any leave until our delinquency has been substantially cut. Supervisor W. C. Sullivan has likewise deferred his leave until our write-ups on the Communist Fronts for the Attorney General are substantially completed. As a matter of fact, Sullivan had commitments and voluntarily cancelled them. Supervisor Joseph J. Casper had his leave approved and cut one week off the approved leave in order to return and assist in the preparation of these Front memoranda.

This action was purely voluntary on the part of these men and was taken by them when they were advised of the Director's statement that this is one of the top priority programs in the Bureau and should be given as expeditious attention as possible. I think this matter should be made a part of their records and, in fact, I do not think it would be out of order to direct letters of commendation to them.

ACTION:

This memorandum is submitted for such consideration and action as you deem appropriate.

Mr. Sullivan is an intensely conscientious and loyal employee. He has in a very commendable fashion pointed up the activities of the Central Research Desk in such a manner as to lend very concrete assistance to the Supervisors here at the Seat of Government and the Agents in the field concerned with the conduct of investigations relating to the Communist movement.

Sullivan is a particularly hard working and industrious Supervisor and he is eminently qualified for his present assignment in that he has an outstanding faculty for being able to conduct extensive research and incorporate the results thereof in most readable and enlightening memoranda.

Dear Mr. Hoover:

This letter is to acknowledge your communication of April 15, 1948, wherein you advised me of my promotion from Grade CAF 12 to Grade CAF 13, effective April 18, 1948.

Needless to say I am deeply grateful for this promotion. It is not, however, a transitory, materialistic gratitude based merely upon an increase in salary, helpful as that is in our badly inflated "money economy." On the contrary, my primary gratitude relates to the confidence which you appear to have in my efforts to reach and to maintain the high standards wisely established by you for all Bureau employees.

Please be assured that I will make additional efforts in the future in order to clearly demonstrate that your confidence has not been misplaced. Furthermore, in this time of crisis and of rapidly mounting threats to our country, our ideals, and our faith, I want you to know I am immediately ready and most willing to serve the Bureau either inside or outside of this country in any capacity at all, irrespective of the rigors, privations, and dangers of the assignment.

Special Agent W. C. Sullivan who is presently assigned as a Supervisor on the General Research Desk in the Internal Security Section of the Security Investigative Division telephonically advised me on the evening of June 20, 1948, that his wife who was expecting a baby in September had become quite ill and had been taken to Doctors Hospital. Mr. Sullivan was very much concerned regarding his wife's condition and I asked him if there was anything I could do personally or which the Bureau could do to assist him. He stated that at that time there was nothing to do but wait and that all was being done which could be done.

On the morning of June 21, Special Agent Frank Crosby of the Loyalty Section advised me that he had been in touch with Mr. Sullivan and had been advised that although a baby boy had been prematurely born to his wife it died some hours later.

I have attempted to reach Mr. Sullivan at Doctors Hospital but have been unable to do so as of this time. However, when I talked with him on the evening of June 20th I asked him to keep me personally advised of developments and not to hesitate to ask for any type of assistance he felt he needed during this trying time.

I will keep you advised regarding this situation.

MEMORANDUM FOR THE DIRECTOR

Re: William C. Sullivan

Assigned - Security Division

During the course of the recent In-Service Training Class which I attended the above-named Supervisor, who is assigned to the Central Research Desk in the Security Division, lectured to the class on Socialism and Left-Wing Movements. This man handled a difficult subject exceptionally well. I was particularly impressed with his obvious detailed knowledge of this subject. He handled his lecture in a rapid-fire, to the point manner and was frankly one of the most interesting lecturers I have ever heard on this subject. Sullivan

SUBJECT: William C. Sullivan

I wanted to mention to you that it was, more or less, the consensus of opinion of the recent In-Service Class that William C. Sullivan's lecture on "Social Isms" was outstanding. Although he was allotted only one hour, he covered a very broad field. The lecture was excellently presented. Mr. Sullivan obviously had a full and complete knowledge of his subject matter. He used no notes. He talked very rapidly and interestingly. The comments I heard after this class period were to the effect that he should have more time. Because he did such an outstanding job I wanted to submit the comments to you.

Mr. Sullivan gave a great deal of very valuable and detailed information during the one hour allotted to him. He spoke without reference to notes. Mr. Sullivan is a very good speaker. He is well poised and obviously has an excellent knowledge of his subject. He delivered the subject matter with enthusiasm. Mr. Sullivan impressed me as presenting the best lecture given before the In-Service class and from talking with a number of the other members of the class, I find that this view is shared by most of them.

It is suggested that Mr. Sullivan be given an additional hour for his discussion of the subjects assigned to him.

WILLIAM C. SULLIVAN

Mr. Sullivan has been assigned to the Central Research Desk in the Internal Security Section since its creation. He has been a Supervisor in the Security Investigative Division since July 29, 1944.

Mr. Sullivan is intelligent and has an extremely analytical mind. He is most valuable in his present position and uses a great deal of initiative in connection with the work on the Central Research Desk. His work has gone far beyond that which is ordinarily assigned and he is always striving to produce results in connection with his work on the Central Research Desk which would be of benefit to all Bureau Agents in connection with Security Matter investigations. He is a hard worker and the work produced by him in the past has reflected that he is eminently qualified for his present assignment. He has an outstanding ability in connection with organizing and putting together a memorandum.

By memorandum to Mr. Tolson dated 1-11-49 Mr. Ladd recommended that Special Agent William C. Sullivan be given a meritorious increase for his outstanding work as a Supervisor on the Central Research Desk in the Internal Security Section of the Security Division.

Mr. Ladd advised that since Agent Sullivan has been assigned to his present position he has prepared on his own initiative summaries such as "Glossary of Marxist Terms", "Definitions of Socialism", "The Communist Party's Position on Fascism", "Eight Points of Communist Philosophy" and others which have been extremely well prepared and have proven to be most valuable in connection with the Bureau's work.

Lectures given by Agent Sullivan before In-Service training classes have been most favorably received and Bureau officials, attending recent In-Service classes, have stated that his lecture on the work of the Central Research Desk and "Social Isms" was the outstanding lecture during the entire In-Service course.

Mr. Ladd stated that Agent Sullivan worked long hours and it is not uncommon for him to work voluntarily on Saturdays and Sundays to keep up with the volume of work on the Central Research Desk. On occasions when he has been assigned to a special project he has worked through the night in order to meet a dead line assigned. He always exhibits an enthusiastic approach toward any job he tackles and has shown that he always thinks of the Bureau's interests. He is willing at all times to lend his whole hearted cooperation to any endeavor.

The attendance register reflects that Agent Sullivan worked a total of 270 hours overtime during the past 6 months. For the 180-day period this would mean an average of 1 hour and 30 minutes per day. The record further reflects that on 11-15-48 he signed in at 8:50 a.m., signed out at 12 midnight, signed in at 12:01 on 11-16-48, signed out at 3:00 p.m., signed in again at 5:00 p.m. and out again for the day at 9:30 p.m.

It is noted that Agent Sullivan entered on duty as a Special Agent on 8-4-41. He has served in a number of Field Offices and has been assigned to the Security Division since 6-25-44. He was reallocated to grade CAF 13, \$7102.20 per annum on 4-18-48 and his present salary is \$7432.20 as the result of the basic increases in salaries effective

1991 17 JUN

7-11-48. He was rated EXCELLENT on 3-31-48 and on 10-18-48 by Mr. Baumgardner. A PERMANENT BRIEF OF HIS FILE IS ATTACHED.

RECOMMENDATION: In view of Mr. Sullivan's distinctive achievement of sustained work performance over a considerable period of time of a decidedly above average nature, it is recommended that he be afforded a meritorious increase in grade CAF 13, from \$7432.20 to \$7671.60 per annum as a reward for his superior accomplishment.

Dear Mr. Hoover:

Your recent letter advising me of my promotion for "superior accomplishment" came as a strong surprise. Needless to say I am very grateful, while at the same time acutely conscious of the obvious fact that I am not worthy of this recognition. The best I can do is to promise you I will strive diligently toward "superior accomplishment," hoping that at some point in the future I may be more worthy of this award.

If, as you indicate, my work has been effective, I know it has been due to the excellent training and experience received by me in the Bureau, plus the willing cooperation and assistance of the people with whom I work.

Please be assured of increased efforts on my part to live up to the high standards and sound ideals formulated by you for all Bureau personnel. In these turbulent and crucial times it is very stimulating to be working for the Bureau. We all know it is an institution which stands unmovable, tireless and fearless between our democratic way of life rooted in spiritual truths, and the subversive elements rooted in materialistic falsehoods, who would destroy our democracy and who would endeavor to tear out of the human mind the concept of God.

Viewed from this perspective, work done for the Bureau actually is not work at all. On the contrary it is a privilege freely given to a free person to use freely whatever talents he may have in the behalf of his deepest convictions--convictions which give meaning and purpose to life. I do believe that increasing numbers of your men feel this way about it.

Thank you, again very much.

Sincerely yours,

These supervisors will be responsible (1) for handling all journals coming to the Bureau from these countries; (2) for answering questions, etc., which other supervisors may raise relative to these publications; and (3) for purchasing books and pamphlets concerning their particular division of the work. These supervisors will not only route and handle publications from their assigned countries, but also publications within the United States which concern the nations assigned to them. For example, the supervisor handling Italy will also handle the Italian publication, "L'Unita del Popolo", published in the United States.

The publications, in accordance with the above country breakdown, which are now assigned to the supervisors of the Central Research Desk are as follows:

Mr. Sullivan spoke last night at the usual meeting place, 2900 Cleveland Avenue, Northwest, of the Inquirendo Club. His presentation was rapid fire, interesting, humorous, instructive and scholarly. The job he did made me feel very proud of him and of the Bureau.

He made a splendid impression and many very favorable comments were made.

WILLIAM CORNELIUS SULLIVAN

Mr. Sullivan has been assigned to the Internal Security Section of the Security Investigative Division since May 29, 1947. He is currently assigned as a Supervisor on the Central Research Desk.

Mr. Sullivan makes a very good appearance, dresses neatly, has a pleasing personality, makes friends easily and is well liked by his associates. He is endowed with above average intelligence, has an excellent educational background and has been an outstanding Supervisor in his work on the Central Research Desk. He is most valuable in his present position and has exhibited considerable initiative in connection with his assigned duties. He has developed the work on this Desk far beyond the limits it was expected to reach when the Desk was set up and he is continually striving to produce results which will benefit all Bureau Agents working on Security Matter investigations. He is an extremely hard worker and has no thought for his personal convenience where his duties are concerned. In fact, it is not uncommon for him to work voluntarily on Saturdays and Sundays to keep up with the volume of work on the Central Research Desk. On occasions when he has been assigned to a special project he has worked straight through the night in order to meet a deadline assigned.

By letter from the Director dated January 28, 1949, Mr. Sullivan was advised that he had been recommended for a meritorious promotion in view of the outstanding service performed by him in connection with his regularly assigned duties.

Mr. Sullivan's ability to write well is surpassed only by his ability to turn out a tremendous volume of work. This combination, of course, stamps him as an outstanding Supervisor in every respect.

His physical condition is such that he can function properly on any assignment and he is available for transfer for either special or general assignment anywhere his services are needed by the Bureau.

He accepts responsibility and has demonstrated that he possesses administrative ability. He is definitely potential SAC material.

INSPECTOR GURNEA:

Sullivan is short but presents a good appearance and has an excellent personality. This Supervisor is a student and thoroughly enjoys research work. Involved subject matter does not in any way confuse him and he has an ability to review a tremendous amount of subject matter and to reduce it to well-organized form. He stated he prefers his present assignment, which he described as being primarily research, writing and lecturing. I believe this Agent is outstanding for an assignment such as this.

STENOGRAPHIC NEEDS
SECURITY-INVESTIGATIVE DIVISION

W. C. SULLIVAN

The Security Division presently has outstanding a number of stenographic requests. It should be noted that various other Divisions here at the Seat of Government as well as the Divisional service in the Field likewise have an acute stenographic shortage. It is therefore incumbent that such personnel be utilized at all times to the fullest extent particularly in view of the shortage noted.

The recent inspection conducted of the Security-Investigative Division presents certain items which may give rise to the questionable justification for the need of additional stenographers in your Division. The general observations of the Inspectors with reference to supervision in the Security Division will first be presented and thereafter each Section in the Security Division and the pertinent stenographic personnel will be discussed separately.

COMMENTS RE DICTATION ABILITY OF SUPERVISORS

Concerning the supervisors in the Loyalty Section and their ability to dictate, which, of course, is an important factor in handling a situation of the nature described, various comments have been made by the stenographers to the Inspector which have an important bearing on this problem. It should be noted in this connection, however, that all of the supervisors have been given the over-all rating of Very Good or better. Any improvement that could be made with reference to the criticisms offered by the stenographers would, of course, materially aid this situation. These criticisms generally are as follows:

"Better preparation, material returned for correction and inserts, grammatical errors dictated, difficulty in understanding the dictator, uneven speed and sometimes slow, failure to spell names properly, omitting to give file number, etc." The observations

of the stenographers are contained in the administrative memorandum dated May 5, 1949, in the referenced inspection report.

INTERNAL SECURITY SECTION

A review of the inspection report of the Internal Security Section of the Security Division disclosed that the rating of the stenographers during the inspection by the Security Division is not entirely in accord with the observations of the Inspector, which were based upon the comments of the Agent supervisors to whom these employees have been assigned and it is felt that the variances noted should be reconciled.

Specifically, it appears that [redacted] was afforded the rating of Excellent and no criticism was submitted concerning this employee. However, the Inspector has pointed out that the supervisors state that [redacted] "lacks confidence, is slow, should proof-read more closely, and at times is careless."

It further appears that [redacted] was given the adjective rating of Very Good whereas the Inspector has pointed out that the supervisors state that her failings are "misspelling, failure to proof-read, slow, transcription not always accurate, too many errors, and that she should pay more attention to details."

Concerning [redacted] who was given the rating of Excellent, the Inspector pointed out that the supervisors advised that she "sometimes fails to proof-read, is rather slow, and misspells."

It is noted that [redacted] was given the rating of Excellent by the Security Division and the Inspector has reported that supervisors state that her "knowledge of forms could improve, she is somewhat nervous, has trouble transcribing and has difficulty with her spelling."

[redacted] was likewise given the rating of Excellent, whereas the Inspector has reported that the supervisors commented that "she needs more experience, she is improving, she is somewhat slow, should proof-read more closely, lacks confidence and makes some errors such as misspelling."

[redacted] was afforded the rating of Excellent, yet the Inspector pointed out that the supervisors comment that she "would be an excellent stenographer by exhibiting more enthusiasm, and she should proof-read more closely."

[redacted] was also afforded the rating of Excellent. The Inspector reported that the supervisors comment that "she is sometimes careless."

[redacted] was likewise given the rating of Excellent whereas the Inspection report reflects that her supervisors indicated "her transcriptions are not always accurate, and she fails to proof-read. She also makes some errors such as misspelling."

ESPIONAGE SECTION

With regard to the Stenographers in the Espionage Unit, it is noted that [redacted] was given the rating of Very Good, yet, according to the Inspector the supervisors commented upon her work and stated "that she misspells words, does poor proof-reading and should acquire more speed."

[redacted] was afforded the rating of Very Good, whereas the Inspector's report indicates that the supervisors in commenting on her stenographic ability indicated "she is not overly energetic, is careless and her work indicates a lack of proof-reading."

[redacted] was afforded the adjective rating of Very Good. Inspection reports indicate that the supervisors comment that this employee "displays a lack of proof-reading, makes errors in transcription and shows a lack of interest."

[redacted] was given the adjective rating of Good, pointing out, however, that she had experienced considerable ill health which may explain a portion of her inattention to detail. The Inspector pointed out concerning this employee, based on the comments of supervisors, that her work is "careless, does poor proof-reading, is of average intelligence, is capable of doing better."

[redacted] was given the rating of Very Good whereas the Inspector in pointing out comments of supervisors reported that "she is not careful in proof-reading, but is improving."

LOYALTY SECTION

With reference to the Stenographers in the Loyalty Section, [redacted] was afforded the rating of Excellent. The Inspector in reporting comments of the supervisors indicated that "she has difficulty in transcribing, her proof-reading should improve, she is slow, lacks confidence, and has a limited vocabulary."

[redacted] was given the rating of Very Good whereas the Inspector, in noting comments of the supervisors concerning this employee, reported that "she should improve on her proof-reading, she has difficulty transcribing, needs more experience, is nervous and misspells."

Concerning [redacted] it should be noted that the Security Division afforded her the rating of Good and the Inspector, in discussing her work with supervisors, reports their observations as considering her an excellent stenographer."

With reference to the Stenographers assigned to the Atomic Energy Section, it is noted that [redacted] was rated as Excellent by the Security Division whereas the Inspector, in noting the comments of her super-

[redacted] was likewise rated Excellent; whereas the Inspector in reporting the comments of her supervisors pointed out "that she makes errors and fails to proof-read. She should continue as an average stenographer."

[redacted] was rated Very Good by the Security Division. The Inspector, however, in reporting the comments of her supervisors indicated that "she is slow, has some difficulty transcribing, and could be more careful in punctuation." Miss Hardy has been a stenographer only since September of 1948, and the Inspector was of the opinion that she would develop satisfactorily with more experience.

Concerning [redacted] who was rated as Excellent by the Security Division, the Inspector, in reporting her supervisors' comments, pointed out "that her weakness is the failure to proof-read."

In view of the foregoing, and the apparent difficulty that would be involved in evaluating the Stenographic needs of the Security-Investigative Division, it is desired that you comment upon these matters and furnish any additional information regarding the need for additional personnel. Further, it is suggested that in the future, Agent supervisors in your Division having first-hand knowledge of the ability of your Stenographers, be first contacted for their observations and comments prior to the submission of efficiency reports on such personnel.

ALEXANDER CAMPBELL-MURRELLE, II

14 May 49

My dear Mr. Ladd,

You doubtlessly have long forgotten my balding pate since last I was opportun-
ed to meet you through the good auspices of our
friend John Bills in February of last year. It
was at that time that you were so kind as to take
time from your arduous duties to permit Col. Fish-
er and this leather-faced Captain to meet you and
the following day, we jointly inveigled John into
the nose of an A-26 returning South.

It was my privilege to hear one of your cap-
able and learned agents this past week in one of
our OSI training classes. Suffice it to state
that Mr. William C. Sullivan is most definitely
a credit to your preeminently fine organization
and he is truly representative of the traditions
and ideals which Mr. Hoover and you gentlemen
have striven so hard and constantly to build.

Having majored in the fields of internation-
al relations and juridical science, I was particu-
larly appreciative of the wealth of knowledge which
he had accumulated only after many, many hours of
untiring study and research reduced by him to such
a simplicity of presentation as becomes a most
adept scholar.

Although we of the Air Force are especially
proud of our Americanism in practice and of the
capabilities of potential adversaries, it was a
particular privilege to witness a truly fellow
countryman so ably and capably discuss this subject
and he rekindled within us an even greater alert-
ness to our dangers. His dissertation was truly
an alerting to Patrick Henry's, "Eternal vigilance
is the price of liberty".

Please accept this praise as truly earned by
one of your very capable assistants and as bringing
justifiable credit upon you also as his supervisor.

ENCLOSURE

1991 17 JUN

SEP 11 1949

We were extremely happy to learn that John Bills had been promoted to SAC in Atlanta and I know that his norm of capabilities will prove most beneficial to your organization there.

I am over in Albuquerque with the District Headquarters of the Office of Special Investigations(IG) USAF and should you ever chance to come out to our West, please drop by and we'll have a biteto eat and endeavor to entertain you to the best of our abilities, as the latch string always hangs on the outside of our door. We don't have the fishing which John and I had to offer in Panama City, but we'll surely endeavor to compensate in some other fashion. We quite often have the pleasure of working with your truly fine 'Son of the West'-Phil Claridge, the 'great white father' Mr. Mac Intyre, and the Mr. Brown, the SAC from El Paso.

It is hoped that you will pardon this intrusion upon your time; however, the capabilities and efforts of Mr. Sullivan were so outstandingly in keeping with your own countless hours of building and maintain^{ing} such an unsurpassably fine organization, that I have so presumed.

Respectfully and sincerely,

A handwritten signature in dark ink, appearing to read "J. J. Danneberg". The signature is fluid and cursive, with a large loop at the end. It is positioned to the right of the closing text.

I just arrived in Houston last night after attending the I.A.C.P. convention in Dallas where I of course saw Mr. Clegg and other representatives of the Bureau. Mr. Clegg as usual gave an excellent and well received address.

I also want to highly commend Special Agent William Sullivan for the outstanding presentation on Communism. Comments on his talk were universally favorable to the highest degree. I am sure that the presentation of material of this type before such groups will be very beneficial to the Bureau.

With best wishes and highest regards, I am

The talk by SA Supervisor W. C. SULLIVAN on Communism for approximately forty-five minutes at the Closed Meeting on Tuesday after noon, September 13, 1949, was outstanding, eloquent, beautifully presented, made a terrific impression. He was excellent.

Immediately after his talk, I received a request from Chiefs FRED ROFF and JOHN F. MURRAY of New Jersey for SULLIVAN to talk before their closed meeting at the next meeting of the New Jersey Police Chiefs.

I received a similar request from GEORGE MINGLE, Superintendent of the Ohio Highway Patrol, who wants SULLIVAN to make a similar talk before the next group of Ohio Highway Patrolmen and another group of State Officers in the State of Ohio.

I expressed to each of them the necessity for the Bureau as a Federal Agency being very circumspect in discussing this subject during the course of the many negotiations engaged in by our State Department with civilian representatives, and suggested that they send their request to the Director.

Numerous men and women at the meeting came to me and spoke of the marvelous ability and outstanding performance of SULLIVAN, some of them indicating that they just had to write the Director about such a splendid job.

Dear Mr. Sullivan:

Some very fine comments have been received concerning the excellent talk you gave at the meeting held on Tuesday afternoon, September 13, 1949.

The exceptionally able manner in which you presented your subject, coupled with your very evident knowledge thereof, was most impressive. It is just such performance that has gained for the FBI its enviable reputation and I wanted you to know that I was aware of your splendid service on this occasion.

J. Edgar Hoover, Director
Federal Bureau of Investigation
U. S. Department of Justice
Washington, D.C.

Dear Mr. Hoover:

I want to thank you for making it possible for me to attend the I.A.C. P. meeting which ended yesterday. It was a real pleasure for me to be in attendance and to note again the increasing number of newly acquired friends the Bureau had made and the diminishing number of the so-called "old guard" critics.

As you doubtless know, accompanying me to Dallas were George E. Harding, a devoted friend of yours for many years, and an equally faithful supporter, Police Commissioner Thomas F. Sullivan of Boston. Together we attended the majority of the meetings, and I joined with them and all of the others in commending Mr. H. H. Clegg on his two outstanding addresses—the one before the members of the Association and his subsequent appearance at the FBI NA luncheon. Both Mr. Harding and Commissioner Sullivan have requested copies of ^{the} addresses if they can be made available.

I want also to inform you that everyone with whom I talked was most impressed with the exceptionally fine talk given by William C. Sullivan on Communism. The only criticism regarding this address was that it was not long enough and that it was necessary for him to cover so much in such a limited length of time.

I am sure that you will be interested in learning that on no occasion during the meeting, and I visited with a great number of people and mixed audiences, did I hear a criticism of any employee of the Bureau or of the Bureau as a unit.

It was evident, as always, that Jap Rogers is maintaining more than the ordinary interest in the graduates of the Academy, who are devoted to him.

I had opportunity to be present on many occasions with the Texas group and know you will be interested in the friendship they have for S. S. Aladen who obviously has, in a short period of time, become well known and liked by the Texas law enforcement officers. He

particularly should be commended for his constant interest and courtesy in performing services for many of the members attending the Convention.

I assume you will receive similar reports concerning the activities of these persons, and I join with the others in recommending to you that personal letters of commendation be sent to them for the successful handling of their assignments.

As it will be reported to you, both Commissioner Thomas F. Sullivan and George E. Harding contributed much to making the Convention a success. The latter has for many years been most friendly, but in his capacity as a citizen and a sustaining member of the IACP and a generous and thoughtful person, he has developed very close friendships with the ranking officers in the Association whom he was able to approach on matters of interest to us. I know he will be grateful to you for a letter thanking him for his frequent and most favorable comments regarding you personally and the FBI.

Commissioner Sullivan's address before the closed session has doubtless been brought to your attention. It was extraordinary. As a matter of fact, it was the talk of the Convention. He has proven himself a real supporter of the FBI and you personally. It is felt that a personal letter should be directed to him thanking him for his continuous support of you personally, the Bureau and law enforcement, as indicated by his address at the Convention.

Sincerely,

It is recommended that letters of appreciation be extended to the following Bureau personnel who participated successfully and effectively in the IACP Convention at Dallas:

Inspection J. S. Rogers, who handled the IACP Luncheon and was busy with numerous contacts;

S.S. SAC Alden of Dallas, where the Convention was held, and whose arrangements for the Convention were splendid. He gave his devoted attention to every possible detail. He was also a member of the Resolutions Committee.

C.E. SAC Weeks of San Antonio; S.K. SAC McKee of Newark; R.B. SAC Hood of Los Angeles; SAC Soucy of Boston and SAC Bryce of Oklahoma City, all of whom did effective work.

Special Agent [] and Special Agent [] of the Dallas Office, who were excellent in making contacts, handling details and acted like experienced veterans in convention maneuvering.

Special Agent Supervisor W. C. Sullivan for an outstanding performance on the subject of Communism;

I also suggest an additional letter to SAC Alden for the general helpfulness of the Dallas Office since the rest of the office had to assume additional burdens in order that SAC Alden and his associates of the office could participate actively in the Convention activities.

By memorandum to Mr. Ladd dated 11-29-49 Mr. Fletcher recommended that Special Agent William C. Sullivan be considered for a meritorious increase in salary for the excellent manner in which he has been performing his assigned duties. Mr. Ladd concurred.

Mr. Fletcher advised that Agent Sullivan is a Supervisor in the Internal Security Section of the Security Division and is assigned to the Central Research Desk. He is unusually capable in his present position, works hard, is very conscientious, is most dependable and he completely ignores his personal convenience in the performance of his assigned work. He is completely loyal and the work that he has handled has always been of the highest caliber. His discussion of the topic "Communism" in various training schools has always received the highest commendation and in September and October the handling of his assignments before the re-training session of the FBI National Academy associates and the International Association of Chiefs of Police was the subject of letters of commendation.

A spot check of the overtime performed by Supervisors in the Security Division revealed that Agent Sullivan was performing an above average amount of voluntary overtime. During the period 5-1-49 through 10-31-49, he worked a total of 82 working days and his average overtime for that period was 3 hours, 13 minutes per day. If less than 25 minutes overtime was performed on any one day, that overtime was ignored.

A review of Agent Sullivan's file reflects he entered on duty with the Bureau as a Special Agent on 8-4-41 and was assigned to the Security Division as a Supervisor on 7-29-44. He was reallocated to grade CAF 13, \$7102.20 per annum on 4-18-48. It is to be noted that he received a meritorious increase in salary in grade CAF 13 on 2-20-49 for the outstanding manner in which he performed his regularly assigned duties. His present salary in grade CAF 13, changed to GS-13 on 10-30-49, is \$8000 per annum as the result of two increases in basic salary, a meritorious increase, and an increase under the UPA, which was effective 10-30-49. He was rated EXCELLENT on 3-31-49. A PERMANENT BRIEF OF HIS FILE IS ATTACHED.

RECOMMENDATION: In view of Agent Sullivan's outstanding work performance over a considerable period of time of a decidedly above average nature, it is recommended that he be afforded a within grade salary increase of \$200 in grade GS-13, from \$8000 to \$8200 per annum. ~~Should your approval, the necessary papers are attached.~~

Dear Mr. Hoover:

Your letter of December 14, 1949 informing me of my promotion for "superior accomplishment" surprises me more than I can say. While I do not feel at all worthy of this recognition I am naturally very pleased and grateful to you. As previously indicated on another similar occasion, all that I can do is to promise you that I will direct my efforts toward "superior accomplishment" hoping thereby to one day make a contribution to the Bureau which will lead you to conclude that the confidence you have placed in me at this time was not misplaced.

If my work in your opinion has been discharged in a "capable and efficient manner" I wish to say to you here that this was made possible by the "capable and efficient manner" in which my superiors operate the Security Division as well as by the willing assistance given me by my associates.

FEDERAL BUREAU OF INVESTIGATION

In regard to the assistance given me by my associates, permit me to make specific reference to my clerk, [redacted]. This girl was assigned to me shortly after the Central Research Desk was started in 1947. As a matter of elementary justice I must tell you that a very large share of credit for the satisfactory quality of my written work must go to [redacted]. She is a girl of superior intelligence and capabilities, uncommonly conscientious and a prodigious worker. She is as interested in this type of work as I am. She is ever willing to work overtime evenings, week ends or on holidays. I well recall that she came in and worked all day February 22, 1949, Washington's Birthday, in order that we could expedite the completion of the Glossary of Marxist Words and Phrases. Miss [redacted] not only performs her regular clerical duties unusually well but goes beyond them to do research work in

the library, proofreading, checking of sources and the handling of various publications used by me. This girl has remarkably good judgment relative to the making of attractive formats for large research projects. I regularly consult her judgment in this matter before deciding on a format. In the light of these facts it becomes evident why I must say to you that a very large share of credit for the satisfactory quality of my written work must go to [redacted] I believe you would want to know this, hence, my taking the liberty to mention it in this letter.

In conclusion, may I assure you once again of my gratitude for this charitable recognition. I will leave "no stone unturned" in my endeavor to make a contribution to the Bureau which one day may justify, at least in part, the confidence you have placed in me.

This employee was designated by the Bureau to speak on the topic "Background of Communism" at the FBI Law Enforcement Conferences held at Raritan Arsenal, Metuchen, N. J. on November 10, 1949 and Landis Township, N. J. on November 29, 1949.

He spoke for approximately one hour on both occasions. The attention he received thoroughly reflected the quality of his presentation. I have received a large number of favorable comments relative to his discussion. It is my observation that he handled his discussion very ably and delivered it in a fashion which was substantially eloquent.

Suggestions have been made by a few of the better thinking Police Chiefs in the State that he be obtained again in 1950 in order to discuss a different phase of the same topic.

This afternoon I received a telephone call from a person identifying himself as Colonel Herbert S. Fessenden of the Tax Division of the Department.

He stated a few days ago he had occasion to attend a Reserve Officers Association meeting at which appeared Special Agent W. C. Sullivan. He asked that his call be reported that he wanted to state that Special Agent Sullivan was outstanding; that his address and remarks were well organized, well expressed and he felt that honor should be given where honor was due.

I thanked Mr. Fessenden for these remarks and for his courtesy in expressing his admiration for the manner in which Special Agent W. C. Sullivan had handled his appearance.

Special Agent Sullivan is a Supervisor in the Internal Security Section of the Security Division and is assigned to the Central Research Desk. He is unusually capable in his present position. He works very hard, is very conscientious, and is most dependable, and he completely ignores his personal convenience in the performance of his assigned work. He is completely loyal and the work that he has handled has always been of the highest caliber. His discussion of the topic "Communism" in various training schools has always received the highest commendation, and in September and October, the handling of his assignments before the re-training session of the FBI National Academy associates and the International Association of Chiefs of Police was the subject of letters of commendation.

A spot check of the overtime being performed by the Supervisors in the Security Division revealed that Special Agent Sullivan was performing an above average amount of voluntary overtime. During the period May 1, 1949 through October 31, 1949, he worked a total of 82 working days and his average overtime for that period was 3 hours, 13 minutes per day, and if less than 15 minutes overtime was performed on any one day, that overtime was ignored.

RECOMMENDATION:

In view of the meritorious manner in which this Agent has performed his assignments in the past six months and in recognition of the above average amount of overtime he has expended in the interests of properly handling his assignments, it is recommended that he be considered for a meritorious salary promotion at this time.

WILLIAM CORNELIUS SULLIVAN

Mr. Sullivan has been assigned as a Supervisor at the Seat of Government in the Security Investigative Division since July 29, 1944. He is currently assigned as a Supervisor on the Central Research Desk in the Internal Security Section of the Security Investigative Division. He has had this assignment during this entire rating period.

Mr. Sullivan is of short, stocky build, but presents a good appearance and has an excellent personality. He dresses neatly, makes friends easily, and is well liked by the other employees in the Section.

He approaches each assignment in an intelligent, aggressive manner and applies himself most industriously until the task is completed. He is an extremely hard worker and it is not uncommon for him to work voluntarily on Saturdays and Sundays in order to keep abreast of the great volume of work which passes over the Central Research Desk. He consistently works long hours without regard for his personal convenience.

Mr. Sullivan is a student and possesses an unusual penchant for writing clear, forceful and interesting memoranda. In addition to the excellent written work he has performed, Mr. Sullivan is also an approved Bureau speaker and in addition to lecturing before In-Service, New Agents and National Academy classes, he travels about the country speaking before various groups and law enforcement conferences. He is an extremely able speaker and the Bureau has received a number of laudatory letters regarding his ability from the groups before which he has appeared. In addition, in this regard he received letters of commendation from the Director on September 21 and October 7, 1949.

During an inspection of the Internal Security Section which occurred during this rating period, Inspector M. E. Gurnea commented that Mr. Sullivan is a student and thoroughly enjoys research work. He said that involved subject matter does not in any way confuse Mr. Sullivan who has the ability to review a tremendous amount of subject matter and reduce it to well organized form. He commented that he believed Mr. Sullivan was outstanding in his present assignment.

On December 25, 1949, in recognition for the above average amount of overtime he had expended in properly handling his assignments, Mr. Sullivan was afforded a meritorious salary promotion.

He possesses a sound knowledge of Bureau policy and has the ability to apply that policy in a practical manner to his everyday duties. He accepts and discharges responsibility with a minimum of supervision. His physical condition is such that he could function properly on any assignment and he has advised me he is available for special or general assignment anywhere his services may be needed. He definitely possesses administrative ability and is ASAC material at this time. I also feel that on a long term basis he is potential SAC material.

Status: Excellent.

PURPOSE

The purpose of this memorandum is to advise you that the captioned employee is confined to the Bethesda Naval Hospital for a check up.

DETAILS

In connection with a recent physical examination afforded Mr. Sullivan at the Bethesda Naval Hospital, the doctors instructed him to report to the hospital for a series of tests beginning Monday, May 15. Mr. Sullivan has been having some trouble with his stomach and the doctors felt that a diagnosis would be possible only after a series of tests and examinations had been made which would require Mr. Sullivan to spend a week at the hospital.

Mr. Sullivan has now been in the hospital since Monday and he has advised me that although he has undergone a series of examinations and tests, up to this point the doctors have not advised him the nature of his trouble. He stated they did inform him that he appeared to have some symptoms of gall bladder trouble but told him nothing beyond that. It is expected, of course, that a full report setting forth the results of the examinations made will be received by the Bureau from the examining physicians in the near future.

Mr. Sullivan further advised me that he is feeling somewhat better and intends to return to work on Monday, May 22.

I will follow closely the progress of Mr. Sullivan and you will be kept informed as to the general condition of his health in the event he is not able to return to work on May 22.

While on vacation here in my home town of Bolton, Massachusetts, I was offered a position which I refused, by Frederick Dumaine, Jr., Director and member of the Executive Board of the New York, New Haven and Hartford Railroad Company. The offer came about in a rather unusual manner, therefore, I thought you might wish to be advised of it for possible future reference in connection with the Dumaine magnates. The steps in this development I will briefly summarize as follows:

1. About four weeks ago I had lunch with an acquaintance of mine, Attorney [redacted] at the Carlton Hotel. On my way out I was stopped by my old friend, Joseph E. Casey, former Congressman, who was seated at another table with four or five men. He introduced me to them all. One was a Frederick Dumaine, Jr. Nothing was said other than the acknowledgment of the introduction and an idle comment or two about different parts of the country from which these men came.

2. On June 19, 1950, Joseph E. Casey, while talking to me on the telephone, stated that Frederick Dumaine, Jr. had been in touch with him, making the incredible statement that I had created a favorable impression on him at the time of the introduction and he asked Mr. Casey if I would be interested in an important position under his jurisdiction. He indicated he desired to discuss the matter with me forthwith. I advised Mr. Casey that I was leaving Washington the next day for Bolton, Massachusetts for a vacation and would not be able to talk with Mr. Dumaine. Mr. Casey explained to Mr. Casey that there would be no point in seeing Mr. Dumaine as I had absolutely no desire to change employment, being very satisfied with my work in the Federal Bureau of Investigation.

3. On the evening of June 21, 1950, I arrived in Bolton, Massachusetts from Washington, D. C. and learned from my mother-in-law, Mrs. Arthur Dwight Hawks, that a [redacted] had called at the Post Office seeking my whereabouts. As my mother-in-law is Postmaster in this town, [redacted] was informed I was arriving that evening from Washington. He returned about 5.00 p.m. that same evening. On introducing himself, he said he was a former Bureau agent and that his present employer, Mr. Frederick Dumaine, was interested in securing my services. Mr. Dumaine had requested Mr. George Callahan, Director of his Protective Service, to interview me relative thereto and it was [redacted]'s function to arrange the interview. He wanted to make an appointment for the next day. He appeared to be quite anxious about the matter. I told [redacted] it was all a surprise to me; that I was not seeking new employment and would not be available for an interview the next day (Thursday, June 22, 1950) as I had several friends I wanted to visit. He asked if Mr. Callahan could interview me Thursday evening. I said no because I had been asked to give the graduation talk at the exercises of my old school in town and would not be available. Finally I agreed to see Mr. Callahan on Tuesday, June 27, 1950, in order to learn just what it was all about.

DEFERRED RECORDING

4. On June 27, 1950, Mr. George Callahan drove out from Boston, Massachusetts to interview me at my sister's home in Hudson, Massachusetts where I was visiting for the day. Mr. Callahan explained that he is a former Bureau agent and that he was quite concerned and unhappy about the request of his employer, Mr. Frederick Dumaine, Jr., to contact me. He said that you had helped him secure his present position; that he has the highest regard and liking for the Bureau and does not want to take any of its employees or do anything else which would injure his good relations with the Bureau. Mr. Callahan told me that when Mr. Dumaine first asked him to do this he told Mr. Dumaine that he did not want this assignment; that there were plenty of former Bureau agents who could be approached for the position. Mr. Dumaine replied he knew this but he was interested in me and not in former Bureau agents for the position he had in mind. Mr. Callahan then said that if I was interested in the position he would ask Mr. Dumaine to do business directly with me as he definitely did not want to become involved in this matter.

5. I advised Mr. Callahan that I was perfectly satisfied with my FBI work and have absolutely no intention or desire to change employment; that I wish to make a career of the Bureau. I pointed out to Mr. Callahan that all this was a surprise to me and seemed to have come about in an unusual manner, therefore, I would be interested to know the details and how and why it did get started. Mr. Callahan replied that Mr. Dumaine told him nothing and hence he could not answer this question of mine. He went on to say that he did get the impression that Mr. Dumaine wanted me to fill a good position in one of his different business enterprises; that it might not be connected with railroad work at all. Mr. Callahan said he would furnish me the background of this development on learning of it. In view of the fact that Mr. Dumaine appears to need employees, I suggested the name of [redacted] of Hudson, Massachusetts, my brother-in-law's brother. [redacted] a graduate of Norwich University in Vermont, is a very capable man, has held responsible administrative positions, and might fit into the Dumaine enterprises in an effective manner and would also be a good Bureau contact. Mr. Callahan is interviewing him. b6 b7C

6. Attached hereto you will find a copy of a letter which I wrote to Mr. Frederick Dumaine, Jr. declining the position offered to me.

Sincerely yours,

William C. Sullivan

Dear Mr. Dumaine:

In accordance with the request made by you, your very capable representative, Mr. George Callahan called on me Tuesday, June 27, 1950 to advise me of your interest in employing me, and to ascertain whether or not I would accept a position with your firm. This came as a surprise to me as I am not seeking new employment.

Permit me, however, at the outset to express my appreciation of your interest in me and to thank you for offering me a position.

In reply to your question I wish to say that I am not interested in accepting a position with your firm or with any other firm. During the past four years I have received three offers for new employment all of which were refused. My reason for refusing these offers, including your present one, is my complete satisfaction with my current employment with the Federal Bureau of Investigation. I am completely satisfied because (1) the leadership and policies of this Bureau are eminently fair and just to its employees; (2) the nature of the work is unique, stimulating, challenging and unlike that which can be found elsewhere; (3) my own specific duties are especially suited to my background, education, interests and inclinations; (4) the contribution which the FBI is making to our national security (without which no business could long function) furnishes a type of incentive difficult to equal in private industry.

While it is true I may be able to earn a larger salary outside of the government service, I do believe the four reasons given above adequately compensate for a larger salary.

Again, I thank you for manifesting an interest in employing me and in conclusion, may I wish you continued success in your multiple endeavors.

Very sincerely yours,

WILLIAM G. SULLIVAN

Dear Mr. Sullivan:

I received your letter of July 6, 1950, in which you advised me of the declination of a position offered you by officials of the New York, New Haven and Hartford Railroad Company.

I was somewhat chagrined to learn of the proselyting activities set forth in your communication. However, I was deeply pleased at the splendid manifestation of loyalty to the Bureau expressed in your communication and particularly in your letter to Mr. Dumaine of July 5, 1950. I consider the four reasons that you set forth to Mr. Dumaine for declining the position offered to you to be a fine tribute to the Bureau.

It was most thoughtful of you to advise me of this matter.

With best wishes and kind regards,

Sincerely yours,

J. Edgar Hoover

I have reviewed the attached material which was prepared for use by field personnel before law enforcement conferences. I understand it was prepared by Special Agent William C. Sullivan of the Security Division.

I believe that this is an excellent presentation and that it will be most helpful to the field in handling talks on the subject of Communism. The material is well organized and well suited for the use for which it is intended. The material to be used by the Special Agents in Charge in police executive conferences is most apropos and the Bureau's interest in the subject matter is well presented.

I think Sullivan should be commended for his work in this connection.

RECOMMENDATION: That a letter of commendation be addressed to Special Agent Sullivan in view of the excellent work which he performed in the preparation of this particular material.

RE: SA WILLIAM C. SULLIVAN
SUPERVISOR, SOG

Dear Sir:

Please be advised that Mr. SULLIVAN appeared at the annual law enforcement conference held in this Division at Dover on October 2, last, where he delivered a most comprehensive lecture on the subject of Communism. Mr. SULLIVAN also appeared before the annual law enforcement conference for local law enforcement officials throughout the State of Maryland, held in Baltimore on October 4, last, where he delivered the same lecture. I certainly do want to express my appreciation to the Bureau for permitting Mr. SULLIVAN to be available upon these two occasions. His lecture enabled us to make the conference in Delaware and also in Maryland an overwhelming success. I am sure the Bureau is already aware of the magnificent job which Mr. SULLIVAN does in connection with these lectures. He knows his subject so very thoroughly and he delivers his material in such an effective manner that the overall effect is most impressive.

RECORDED
All of the local law enforcement officials, both in the Delaware conference and the Maryland conference, expressed themselves to me as having been most impressed and fascinated with the lecture. These people were obviously sincere and I am convinced that these successful conferences will be of great assistance to the Baltimore Division in connection with this work in this area in the future.

Very truly yours,

ON 10-7-91

As you know, the above employee was assigned from the Seat of Government to speak on the topic "Communism" before two FBI Law Enforcement Conferences which were conducted in this district on November 14-15, 1950.

I feel it in order to point out that his remarks were effectively delivered and received in a most favorable manner. At the Conference on November 15, 1950, at the National Guard Armory, Vineland, New Jersey, there were 120 persons in attendance representative of 87 different law enforcement agencies. With rare exceptions, those in attendance were Chiefs of Police or executive officers. At the conclusion of Agent SULLIVAN's remarks, the entire group arose and applauded him for several minutes. This struck me as a rather exceptional ovation and I felt the Bureau should be furnished with this advice.

I should like to suggest that the Bureau consider addressing a commendatory communication to Agent SULLIVAN for the effectiveness of his presentations.

I wish to advise the Bureau that the address delivered by SA WILLIAM C. SULLIVAN before the California State Peace Officers' Association convention on October 26, 1950, on the subject of Communism was exceptionally well received by those in attendance. This was a closed meeting.

Countless favorable comments were made to all of the Bureau representatives in attendance at the convention with reference to his skillful handling of the subject and his effective delivery.

I wish to thank the Bureau for having made the services of this representative available on this occasion, for it is the first talk that the officers in this state have ever received on the subject of Communism. They were extremely anxious to receive it and accepted it with great enthusiasm. I am sure that it improves the Bureau's position with the officers.

Police Officers' Role Called Vital in Anti-Red Fight

By GENE LOWALL,

Denver Post Crime Editor.

COLORADO SPRINGS, Oct. 11—

Responsible official action by law enforcement officers, functioning within the democratic process, is vital to the elimination of Communism from the national life of this country.

So said William C. Sullivan of the Washington staff of the FBI in an interview here Wednesday.

"In the face of the Communist threat, we need not less democracy, but more," Sullivan said. "We need not emotion, but reason. Not hysteria, but calmness. Not heat, but light. Not irresponsible personal action but responsible official action. All law enforcement officers have a vital part to play in eliminating Communism from our national life. Their contribution must not be negative. On the contrary, it must be a positive contribution in eliminating Communism will less, stateless world Communist society. because the strict, impartial and inevitably be "among the major and positive contributions" toward "We in the United States place in opposition to Communism the theory and reality of democracy. This, too, is not merely a theory, but likewise a complete philosophy of life. This philosophy is rooted in the declaration of independence. We elevate man to a position of dignity, considering him to have eternal value as an individual. We lift history to a level of freedom under law. Freedom under law cannot exist without enforcement." Sullivan was in Colorado Springs to attend special executive sessions of the fifty-seventh annual conference of the International Association of Chiefs of Police which Tuesday devoted a considerable portion of its business work to civil defense questions, some of them relating to security against subversive activities.

I am attaching hereto a permanent brief of the personnel file of the above-mentioned Special Agent who is presently assigned to the Security Division, specifically to the Research Desk in the Internal Security Section of the Security Division. The brief of his file reflects that he has been rated Excellent in the performance of his duties, he has been commended by the Director on a number of occasions concerning his public appearances before police executives conferences and before the International Association Chiefs of Police Convention at which time he has lectured on the subject of Communism. He has become an authority on the Communistic picture and he has given unselfishly of his time in handling his work. I feel that his duties on the Research Desk are so specialized that they fall within the Grade GS-14 category; not only is it Sullivan's responsibility to do continued specialized research work on Communist Party matters, it also has become his responsibility to make lecture appearances before specialized groups on the subject of Communism and in this particular phase of his activities, he has been very successful. It is not felt that the reallocation of Mr. Sullivan to Grade GS-14 at the present time would set any precedent for any other supervisory positions in the Security Division or other Divisions at the Seat of Government. His are specialized duties and his assignments are such that others would not be delegated to handle such assignments in his absence.

It is respectfully suggested that consideration be given to the reallocation of Mr. Sullivan from Grade GS-13, \$8200 per annum to Grade GS-14, \$8800 per annum at the present time.

WILLIAM C. SULLIVAN

Mr. Sullivan has been assigned as Supervisor on the Central Research Desk, Internal Security Section, Security-Investigative Division, during the entire rating period.

This Agent is a thoroughly experienced Bureau Supervisor, having been assigned at the Seat of Government since July 29, 1944. He has been on the Central Research Desk since its inception and has done much to direct the type of work performed on the desk. Mr. Sullivan is short of stature but makes a good appearance and has an excellent personality. He has a keen sense of humor and exhibits excellent judgment at all times. His ability in research work and as a speaker and lecturer is unique and needs no comment. It is excellent in every respect and it is well known to all Bureau officials. During the rating period he has been commended on numerous occasions both by Bureau officials and by outside individuals. In addition to his research duties, he has made numerous speeches and lectures on the subject of Communism on which he is considered an authority. His services have been in great demand and numerous commendations are received from outside sources as a result of his many speeches.

I feel that there is no man better qualified in the Bureau today to handle the type of work which is presently being handled by this Agent. He is definitely a deep thinker, a student, and his talents are particularly adaptable to research work. His overtime record reflects that he is a tireless worker and there is no question but that he is sincerely and deeply devoted to his work in the Bureau. Mr. Sullivan has indicated that he is available for general or special assignment wherever his services might be needed. It is noted that during the rating period he is rated good in dictation ability. He was re-allocated from GS-13 to GS-14 in view of the fine services being performed by him in his present assignment. This re-allocation was effective March 4, 1951, at which time Agent Sullivan was commended for the outstanding job he was doing in specialized research work on Communist Party matters and his lectures on the subject of Communism.

At this time, Mr. Sullivan is entitled to the adjective rating of SATISFACTORY in the upper limits of GS-14.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee William C. Sullivan Title Special Agent
 Rating Period: from 4-1-50 to 3-31-51

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.
